

Module 1

Machine Learning- KNN, Naive Bayes, Linear Regression,
Logistic Regression, Decision Tree, Ensembles, Clustering, PCA,
etc

Module 2

Deep Learning – ANN, Optimization, Activation Functions,
Forward and Backward Propagation,

Module 3

Computer Vision – Open CV, CNN, R-CNN

Module 4

Natural Language Processing – NLP, Text Preprocessing, RNN,
LSTM, Transformer

Module 5

Model Productionisation

CERTIFICATE

OF COMPLETION

THIS IS TO CERTIFY THAT

sunay s suresh

*has successfully completed the ' virtual Internship in Machine Learning - Foundation' and
was awarded the GOLD medal with a score of 73.3% for the exceptional performance that
led to the successful culmination of our technical learning platform using Hebeon
Technologies.*
